Have a Safe Summer!

The Vestlake Board is working with the City of Vestavia and Liberty Park Master Association concerning Micromobility (e-bikes, scooters, etc.) guidelines in Liberty Park.

Along with that, reminding your children to obey traffic signs is an important part of keeping themselves and others safe.

Below are some key points for children to know:

- **Traffic signs are safety rules.** Stop signs, traffic lights, crosswalk signs, and speed limit signs help everyone know what to do so that roads are orderly and safe.
- **Following signs prevents accidents.** When drivers, cyclists, and pedestrians obey traffic signs, they can better predict each other's actions and avoid dangerous situations.
- **Pedestrians have the right-of-way on sidewalks.** Sidewalks are designed to provide a safe space for people walking. Drivers should watch for pedestrians when entering or crossing sidewalks, and children should understand that sidewalks are generally for pedestrians first.
- **Cross streets safely.** Even when pedestrians have the right-of-way, children should always look left, right, and left again before crossing and use marked crosswalks whenever possible.
- **Be alert and avoid distractions.** Encourage children to keep their heads up, pay attention to traffic, and avoid using phones or other distractions near roads.
