Pool Plans

The highly awaited renovation of the Vestlake Pool is currently under plan review by the Jefferson County Health Department and the Liberty Park Architectural Committee. After getting approval from both entities, the project will be submitted for permitting from the city of Vestavia Hills and work should begin very shortly. At this time, it appears that the pool will remain open at least through mid-August.

Subject to changes being made by the authorities, the newly renovated pool will have another entry area, extended deck and a grill area. Both pools and deck will be resurfaced.

The Vestlake board is very excited about this new pool project and looking forward to being able to use these newly added features in 2027!

Other Vestlake Projects/Repairs in the works include:

- Several sidewalk repairs and replacement
- Removal of trees infested with pine beetles and other diseases
- Various irrigation repairs
- Looking into cleaning/replacing brass inserts in monument entrances as needed
- Relocation of beaver in Boulder Lake
- Replacement of waterfall pump at Lake Run Drive
- Improvements around Park Hill Lake
- New Vestlake Website

Important Dates!

The 2nd Bi-Annual Dues for Vestlake are due **July 1st** and delinquent after July 30th.

To avoid a **\$100** late fee, please submit payment in plenty of time to be received by the 30th.

In case you didn't know . . .

Vandalism

Vestlake Communities contracts with DSI Security for patrol on weekend nights during the summer from late evenings to early mornings. This patrol has reduced the amount of vandalism throughout the neighborhood in the summer.

Trespassing

The Vestlake Pool is monitored live after closing each evening and any intruders coming into the fenced area after 10 pm set off an alarm that notifies Vestavia Police to investigate. Anyone at the pool after closing hours are considered trespassing and charges may be filed accordingly.

Underage Drivers

Reports continue that underage drivers are on the roads with electric scooters, bikes, and golf carts. **Parents**, the community is counting on you to ensure that your children are not riding on any roads and are obeying all traffic signs, including stopping at intersections of sidewalks and roads. Also, they must always give the pedestrians the right-of-way.

Dogs

Dogs must be controlled by a leash when walking. Also cleaning up after your pet and disposing of waste properly is required.
