Scope delivered

Everything built and deployed under this engagement, March 23 – August 12, 2026.

PUBLIC WEBSITE

- Homepage with featured businesses and subscribe flow
- Business directory with detail modals
- Business application page
- Privacy policy, terms of service, unsubscribe pages
- Fully responsive across mobile, tablet and desktop

BRAND & VISUAL IDENTITY

- Buy Auburn logo suite — six vector marks and variations
- Auburn navy and orange color system, typography
- Favicon, Apple touch icon, social share (OG) image
- Branded email header artwork
- Collectible trading-card business card design

DIRECTORY & SEARCH

- State, city, industry and keyword filtering
- “Near Me” geolocation search with radius control
- Multiple locations per business
- Industry icons, colors and verified badges
- Collapsible mobile filter interface

APPLICATION & ONBOARDING

- Conversion-focused application form
- Business logo upload with client-side compression
- Local storefront / online business selector
- Social profiles, referral capture, phone privacy option
- Terms consent, email confirmation, honeypot and rate limiting

ADMIN DASHBOARD

- Secure login with password management
- Approve, waive payment, edit, reject and remove listings
- Full edit modal with photo upload
- Filterable business and application views
- Resend payment link for unpaid listings

PAYMENTS

- Stripe integration for \$300/year business listings
- Webhook auto-activating listings on payment
- Pricing tier selection in the approval flow
- Written Stripe setup documentation for the client

AUTOMATED EMAIL

- New application notification to admins
- Approval email with payment link
- Welcome, season-start and game-week campaigns
- Away-game and travel alert subscriptions
- Branded templates with one-click unsubscribe

THE BARN PODCAST INTEGRATION

- Podcast segment management in the admin dashboard
- Spotify embeds with auto-pulled title and artwork
- Homepage carousel — swipe on mobile, arrows on desktop
- Segments linkable to a featured business profile
- Barn partnership banner

BACKEND & INFRASTRUCTURE

- Supabase database, authentication and file storage
- Seven serverless API functions on Vercel
- Production hosting with continuous deployment
- buyauburn.com, www redirect and SSL
- auburnfannetwork.com redirect configuration

ANALYTICS, SECURITY & PERFORMANCE

- Page-view tracking with an admin analytics dashboard
- Cross-site scripting protection across all user content
- Submission rate limiting and bot filtering
- Image pipeline rebuild — assets cut from 23.1 MB to 1.1 MB
- Directory payload cut from 11 MB to 39 KB with lazy loading

NOTES

This invoice is issued for record-keeping only. **The \$500.00 setup fee was paid in full on April 2, 2026,** and the \$30.00 monthly platform fee has been billed and collected on schedule since that date. **No balance is due.**

The platform was delivered and launched on **April 5, 2026** and has been live continuously since, currently at buyauburn.com. All enhancement work listed above — podcast integration, multi-location support, analytics, and the August performance rebuild — was delivered under the monthly platform fee at no additional charge.

Per Section 3 of the Agreement, ownership of all custom deliverables transferred to the Client upon receipt of full payment. Payments were processed securely through Stripe; receipts were emailed automatically at the time of each charge.
