CAMPUSES ACROSS AL & GA

300+

APPLE TV SIGNAGE SCREENS

01 PROFILE

Broadcast production professional with **10+ years behind the scenes of live TV, sports, and multi-campus ministry**. I've run replay at SEC games, worked ESPN College GameDay, and spent the past decade getting weekly service content to 20+ campuses across Alabama and Georgia. I build the workflows and training that help college students and volunteers run the show too, and I stay calm when it's live, because that's when it counts.

02 EXPERIENCE

CHURCH OF THE HIGHLANDS

Broadcast Associate

2015 — PRESENT

- Lead the content distribution system that delivers weekly services to 20+ campuses across Alabama and Georgia.
- Serve as the primary contact for memorials, service content, and digital signage running on 300+ Apple TVs.
- Troubleshoot video, audio, communications, and networking systems, and maintain the primary equipment at the broadcast location.
- Develop the workflows and training resources used to bring college students and Dream Team volunteers up to speed.

SOUTHEASTERN CONFERENCE

Replay Technician · Contract

2018 — PRESENT

- Operate replay for live SEC basketball and baseball broadcasts, turning clips around at game speed.

WILLIAMS DIGITAL

Founder & Owner

2026 — PRESENT

- Run an independent studio building websites, custom dashboards, and operations tools for small businesses and creators.
- Lead every engagement end to end: discovery, design, build, launch, and ongoing support.
- Handle client onboarding and technical consulting, and write the documentation and training materials clients use to run their own sites.

ESPN / KWOKMAN PRODUCTIONS

Production Assistant · Contract

2012 — 2015

- Crewed live broadcasts and events, including ESPN College GameDay, concerts, and touring shows.
- Handled cabling, communications systems, and technical operations to keep each show on air.
