ONGOING AFTER THIS INVOICE

Per the signed agreement, **hosting & maintenance is \$50.00/month**, beginning on the day the site goes live. This covers ongoing hosting, integrations, and small change requests. It is billed separately and is not included in this invoice.

New features, major redesigns, or work outside the original scope are quoted separately with written approval before work begins. Domain registration, Stripe processing fees, print-fulfillment subscriptions, and other third-party services are billed directly to Plainsman Art by those providers.
