

A custom website & operations workspace for *Vardar Transportation*.

This Client Service Agreement is made between Williams Digital and Vardar Transportation for the design, development, hosting, and ongoing support of a custom public booking website and internal operations dashboard.

EFFECTIVE DATE

May 16, 2026

SERVICE PROVIDER

Williams Digital · Birmingham, AL

CLIENT

Vardar Transportation

TOTAL BUILD

\$700.00 USD

MONTHLY

\$30.00 USD

Parties

This Client Service Agreement (the "**Agreement**") is entered into between:

- ♦ **Williams Digital** (the "**Service Provider**"), a digital design and software studio based in Birmingham, Alabama, represented by Dylan Williams (Dylan@williamsdigital.io); and
- ♦ **Vardar Transportation** (the "**Client**"), a luxury van rental and chauffeured transportation business based in Birmingham, Alabama, reachable at **205-566-9401**.

Each may be referred to individually as a "**Party**" and collectively as the "**Parties**." This Agreement sets forth the terms and conditions under which the Service Provider will design, build, host, and support the deliverables described below.

Scope of Services

The Service Provider agrees to design, develop, deploy, and support a two-piece package for the Client, consisting of:

A. Public Booking Website

A custom-designed, mobile-responsive marketing site presenting Vardar's services, fleet, and booking flow. Features include: animated hero, quick-book inquiry form, services grid (weddings, concerts, SEC game days, airport transfers, corporate travel, self-drive rentals), side-by-side self-drive vs. chauffeured pricing, a three-vehicle fleet showcase with rates, a featured game-day / tailgate package, testimonials, an FAQ, and footer with the Client's phone number and contact details.

B. Operations Workspace (Dashboard)

A private, login-protected internal workspace with the following modules:

- ◆ **Today / Home** — daily triage view: live and upcoming trips, unanswered chats, quotes awaiting customer action, and vehicles due for service.
- ◆ **Quotes** — build, edit, and send quotes via SMS or email; track status (draft, sent, viewed, accepted, declined); customer-facing quote acceptance page with deposit capture.
- ◆ **Calendar** — hourly availability board across the entire fleet, color-coded by event type (airport, wedding, corporate, concert, game day, self-drive, maintenance), with day-by-day navigation.
- ◆ **Clients** — searchable customer records with trip history, lifetime value, preferences, and notes.
- ◆ **Drivers** — driver roster with credentials (CDL, DOT medical, FMCSA hours), trip history, and internal notes.
- ◆ **Chat** — separate inboxes for client and driver conversations, with the ability to send quote cards and itineraries inline.

C. Setup & Onboarding

Domain configuration, branded email forwarding, SSL certificate, mobile-responsive optimization, and a one-hour onboarding walkthrough so the Client's team can use the workspace from day one.

Any work outside the scope above (e.g., custom integrations beyond what is listed, additional dashboard modules, branded mobile apps, paid advertising, or print materials) will be quoted separately in writing and is not included in the fees in Section 03.

Fees and Payment

In consideration of the services provided, the Client agrees to compensate the Service Provider as follows:

Build Fee — Total \$700.00 USD

A one-time build fee of **\$700.00 USD** covers the initial design, development, and deployment of both the public website and the operations workspace. This fee is split into two equal installments:

- ♦ **Deposit — \$350.00 USD (50%)** due upon acceptance of this Agreement. Work begins after the deposit is received.
- ♦ **Final Payment — \$350.00 USD (50%)** due once the live website and operations workspace are deployed and accessible at the Client's domain.

Monthly Service Fee — \$30.00 USD / month

A recurring monthly fee of **\$30.00 USD** covers ongoing hosting, security, support, and maintenance, including:

- ♦ Hosting on a fast, secure platform with an SSL certificate.
- ♦ Daily off-site backups of both the website and the operations workspace.
- ♦ Software updates and security patches for the underlying platform.
- ♦ Bug fixes and minor content edits (pricing changes, fleet vehicle additions, photo swaps, copy adjustments).
- ♦ Direct email and text support, generally responded to within one business day.
- ♦ Cloud storage and access for the Client's customer, trip, quote, driver, and chat data.

The monthly service fee **begins on the date the website and workspace go live**. The Client's first month is provided at no additional charge. The fee may be cancelled by the Client at any time with thirty (30) days written notice; cancellation results in the discontinuation of hosted services described in Section 02.

Payment Methods

Payment shall be submitted via the secure payment link(s) provided by the Service Provider. Acceptable methods include Stripe (credit/debit card), Zelle, or ACH bank transfer. Payment details and instructions will be included on each invoice.

Payment Terms

The 50% deposit is due in full upon acceptance of this Agreement. The remaining 50% final build payment is due upon launch. The monthly service fee is billed on or around the same day of each month following launch. A late fee of **1.5% per month** may be assessed on any balance remaining unpaid beyond thirty (30) days from the invoice date. The Service Provider reserves the right to suspend services for any account with an outstanding balance exceeding thirty (30) days.

Cancellation & Refund Policy

Should the project be cancelled by the Client after work has commenced, the **\$350.00 deposit is non-refundable** as it covers discovery, planning, design, and development work already performed. If the Client cancels prior to launch, no final build payment shall be owed. The monthly service fee may be cancelled at any time with **thirty (30) days** written notice. If the Service Provider terminates the project before any work has been performed, the full deposit will be refunded to the Client.

Intellectual Property & Ownership

Upon receipt of full payment for the build fee, the Client shall receive ownership of all custom-designed deliverables created specifically for the Client, including website files, design assets, and content. The Service Provider retains the right to use general techniques, methodologies, and reusable components developed during the engagement. Third-party assets (fonts, stock imagery, libraries) remain subject to their respective license agreements.

Portfolio & Credit Rights

The Service Provider retains the right to **display and reference** the completed website and workspace in their professional portfolio, marketing materials, case studies, and social media. The Client agrees that a small, unobtrusive credit line (e.g., "Powered by Williams Digital") may be placed in the website footer. If the Client wishes to opt out, this must be agreed upon in writing prior to the commencement of work.

Domain, Hosting & Data Ownership

Any domain name registered on behalf of the Client shall be **owned by the Client** and registered under the Client's name and contact information. Hosting accounts and the operations workspace remain under the Service Provider's administrative control for the duration of the service engagement. **All customer, trip, quote, driver, and chat data entered into the workspace belongs to the Client.** Upon termination and settlement of any outstanding balances, the Service Provider will provide the Client with an export of all such data and assist in transferring access within a reasonable timeframe.

Client Responsibilities

To ensure timely delivery and a high-quality outcome, the Client agrees to:

- ◆ Provide accurate and timely information about the business, including fleet vehicles, services offered, pricing, and contact details.
- ◆ Deliver any photography, logos, or branded assets the Client wishes to use within seven (7) days of the deposit being received. The Service Provider may use commercially-licensed stock imagery as a stand-in if assets are not provided.
- ◆ Review draft work in a timely manner and provide consolidated feedback within five (5) business days of each review request.
- ◆ Designate a single primary point of contact for project decisions and approvals.
- ◆ Treat driver, customer, and trip data entered into the workspace in accordance with applicable laws, including any state or federal privacy and transportation regulations.

Delays in providing assets, approvals, or feedback may extend the project timeline accordingly. The Service Provider is not responsible for delays caused by the Client's failure to meet these responsibilities.

Term and Termination

This Agreement begins on the Effective Date and remains in force until terminated by either Party as described below:

- ◆ **Termination by Client:** The Client may cancel the build at any time prior to launch by written notice, subject to the cancellation and refund terms in Section 03. The monthly service fee may be cancelled at any time with thirty (30) days written notice.
- ◆ **Termination by Service Provider:** The Service Provider may terminate this Agreement with thirty (30) days written notice or immediately in the event of a material breach by the Client (including non-payment beyond sixty (60) days, abusive conduct, or use of the platform for illegal activity).
- ◆ **Effect of Termination:** Upon termination, all outstanding amounts become immediately due. The Service Provider will provide a data export and assist with reasonable transition steps.

Confidentiality

Both Parties acknowledge that during the course of this engagement, confidential information may be exchanged, including but not limited to business operations, pricing, customer lists, driver records, and trip data. Each Party agrees to:

- ◆ Use such information solely for the purpose of performing under this Agreement.
- ◆ Not disclose confidential information to any third party without prior written consent, except to subcontractors or service providers bound by similar confidentiality obligations.
- ◆ Take reasonable measures to protect confidential information from unauthorized access, including secure storage and access controls.

This obligation survives termination of the Agreement for a period of two (2) years.

Limitation of Liability

To the maximum extent permitted by applicable law, the Service Provider's total liability under this Agreement, whether in contract, tort, or otherwise, shall not exceed the total fees paid by the Client to the Service Provider in the twelve (12) months preceding the claim.

The Service Provider shall not be liable for any indirect, incidental, special, consequential, or punitive damages, including lost profits, lost revenue, lost data, or business interruption, even if advised of the possibility of such damages.

The website and operations workspace are provided on an "as is" and "as available" basis. While the Service Provider will use reasonable efforts to maintain uptime and respond to issues promptly, no specific uptime guarantee or service level is warranted under this Agreement.

Dispute Resolution

The Parties agree to attempt in good faith to resolve any dispute arising out of or relating to this Agreement through direct communication before pursuing other remedies. If a dispute cannot be resolved within thirty (30) days, the Parties may pursue mediation in Jefferson County, Alabama, before resorting to litigation.

Governing Law

This Agreement shall be governed by and construed in accordance with the laws of the State of Alabama, without regard to its conflict-of-laws principles. Any legal action arising under this Agreement shall be brought in the state or federal courts located in Jefferson County, Alabama, and the Parties consent to the personal jurisdiction of such courts.

Entire Agreement

This Agreement constitutes the entire understanding between the Parties with respect to the subject matter and supersedes all prior discussions, proposals, or agreements, written or oral. Any amendments must be made in writing and signed by both Parties. If any provision is found to be unenforceable, the remaining provisions shall continue in full force and effect.

Acknowledgment & Signatures

By signing below, each Party acknowledges that they have read, understood, and agree to be bound by the terms and conditions set forth in this Client Service Agreement.
